

## Treasurers Report – 2013 Season

It's that time of year again. As Treasurer I have to come up with something new and interesting to say about this year. I'm not sure I can?? Overall this year has been, well, fiscally uneventful. As a league, at time of writing, we are in great shape. We have not finalized the year end (statements have been completed up until the end of July) and we have a few major items yet to account for (planning meeting and AGM to identify a few) however our year-to-date financial position reflects a very responsible, clean and strong entity.

As I've noted in past reports we have, as a league, had a few deficiencies that we had to address from getting a true picture of our bond situation to getting some experience at budgeting for new initiatives. These were all past issues however and I believe that we addressed them, as well as others, successfully. Last year we also introduced an RMLL credit card to help streamline the payment process for league expenses. Logistically this continues to work out well for us. We also continue to accumulate airmiles which we'll have the enviable task of deciding how to utilize at some time in the future.

I feel like I'm repeating myself but from my position the 2013 season was again a success financially. Also, like any amateur sport organization, our success is a direct result of the endless hours of time spent by our volunteers. The RMLL has no lack of dedicated volunteers with boundless energy however I would like to express my sincerest thanks to both Chris and Bill as again they were the engines that kept our league motoring along.

Earl Caron,

Treasurer
