### Existing Bylaw –14.03 SUSPENSIONS

The RMLL may establish standard suspensions which accompany infractions committed during a Lacrosse game. There is no appeal from standard suspensions in respect of infractions committed during a lacrosse game.

### Proposed Bylaw:

*Change to:*

*The RMLL may establish standard suspensions which accompany infractions committed during a Lacrosse game which have been called by the game referees. There is no appeal from standard suspensions in respect of infractions committed during a lacrosse game provided however that, if the suspension is the subject of an automatic referral to the Commissioner or the Discipline Committee to consider whether there should be further punishment, the standard suspension may be reduced if it is determined that the calling of the infraction was clearly in error.*

### Rationale:

Because the whole idea of a standard suspension is to avoid hearings but if there is going to be one anyway, the validity of the original call should be open. The Jr. A Commissioner has been given the power to reduce the standard suspension on referral to him and so the DC should have the same power,
