# Player Constraint Feature House League Only

### Overview:

A new 'player constraint' feature allows clubs to identify which players have registered for 'House League Only'. This label will then show up on the player card, and the column can be added to the registration grid as well for reporting.

#### Instructions:

To apply a player constraint to a player, simply select the constraint from the drop down list on the registrations screen.

#### It also works on the 'web' view:

Once you have applied the player constraint, it will appear on the 'player card'.

Home Help Conta	eville Minor Lacrosse Association
Sports Registratio	on Details
Organization:	Orangeville Minor Lacrosse Association
Address:	Orangeville Minor Northmen 6 Northmen Way Orangeville, ON L9W 3B2
Registration #:	762290
Registrant:	
Birth Date:	Gender: M
Program:	Lacrosse - Box
Season:	2019 Box Season
Product:	House league- Novice 2019 Box Lacrone House/Rep: House
Membership Type:	Player House League ONLY
Date Registered:	Jan 10, 2019 7:01 am
Registration Status:	Paid in Full

You can then add the 'player constraint' column to the registration grid for easy reporting. Just 'right click' on the grid and go to 'grid options'. Select the grid editor. Then, select the field 'Player Constraint' from the left column and click the arrow to move it to the right column. Click OK to close.
